Family Life Network Inc. is excited to announce that three of their Russian/Ukraine Team members are coming to Canada for the month of April.

God is raising up young leaders in Russia and Ukraine. Juliy Morozov (28 yrs old) and Garri Sergienko (25 years old) along with Russia Director Leonid Sergienko, will share the exciting things God is doing through their ministries.

- Juliy, a graduate journalist, directs the operations of the innovative **Shelter-Plus Ministry**, a drop-in youth centre with outreaches to children, youth and the community in Krivoy Rog, Ukraine. You will be amazed at how God is using the **creativity** of their team members to transform their community.
- Garri, a graduate in diplomatic relations, speaks Arabic, Russian and English. He is a videographer and relates to television stations and churches in promoting the puppet TV program, **Ella's Backyard**. He also coordinates a large youth team that creates live events called **Festivals for Children** in both Russia and Ukraine. Garri will share how God is changing the lives of children and youth through **Ella's Backyard** on TV, as well as through live performances in many cities.
- Leonid mentors numerous producers in cities across Russia. His innovative program **The Bible Today** has inspired other radio and TV programs (Ella's Backyard), as well as the recording of original Christian music in a variety of regional languages throughout Russia. He will give an **overview** of what God is doing as opposition to Christian ministries increases in Russia.
