As you pray today for *Jim & Marilou Nightingale*, MBMSI workers in Sao Paulo, Brazil, ask God for renewed energy and vision for them as they host many short term mission teams. Pray that their gifts of hospitality will flow freely and that the Lord will already be using their camping ministry to transform lives, even in its early stages.

### **Canadian Conference of Mennonite Brethren Churches**

Please pray for our brothers and sisters in Quebec as they gather next weekend (April 4) at the provincial convention to reflect on this past year, dream for the next, and make plans to walk together into places of fruitfulness. May God give the Quebec conference unity, provision, and courage to follow His leading.

### **Family Life Network**

German radio producers *Jacob & Helen Funk* are preparing for teaching and counselling in Mexico and Belize, April 3-17. They say, "This trip takes us to a cluster of Mennonite colonies we haven't been to before but where for years we have prayed to be invited to come."
