in the music portion of praise and worship time and

then head out to another room for an interactive

discussion about a variety of topics

geared to their age group

Check the bulletin or the schedule in the foyer

to see if today is a WACKED day

Nursery—9 Months to 2 years

We provide child care to children ages nine months to two years old. The children enjoy play time, story time, snacks and the occasional nap for those who have had a rough night.

Preschool Treehouse—2 to 4 Year Olds

For ages two to four. This is an amazing place for the children to learn about God through singing, stories and crafts. It also provides a great atmosphere for the children to learn relationship building skills by learning how to share and communicate with other children and adults.

Treehouse—Kindergarten to Grade 4

Provided for kids from kindergarten to grade 4. Awesome is the best way to describe what happens here. This is the age when children develop lasting friendships. We begin with praise and worship time, where the kids learn actions to go with the songs. That is followed by prayer time. We all know who to pray to, but what do we pray for, where do we pray, when do we pray and why do we pray? We try to answer those questions and guide the kids to a great prayer life. Then we jump into the lesson for the day. That could be taught through drama, games, movies, cooking, you name it. Often we finish the morning with a craft to take home.

Kids, come out and give us a try. Parents, feel free to stay and see what goes on in your child's room. It will be great experience that you really shouldn't miss!!

If you want more info, give me a call, send me an e-mail or just come and find me (look for the green and yellow shoes).
